

Submission Form for the Next Great Save Competition 2026

Next Great Save Competition Eligibility

During the Next Great Save competition, project groups compete for public votes to win up to \$50,000 in cash prizes for projects that will protect, adapt, renew, or improve a historic place for the future, and inspire us all in the process. The winner of this competition will receive \$50,000 to go towards their Next Great Save. The second-place winner will receive a \$10,000 cash prize, and the third-place winner will receive a \$5,000 cash prize.

To be eligible for this competition, projects must be submitted by a lead project group that is either a not-for-profit organization, a registered charity, or an Indigenous organization from within Canada. The lead project group must own or be a long-term lessee (with a minimum 7-years remaining in their lease agreement or proof of intention to renew their lease for the upcoming 7 years) of the historic place that is benefiting from the Next Great Save project or be acting on the authority of an eligible owner or long-term lessee, giving the lead project group the responsibility and authority to carry out the proposed project.

Not-for-profit organizations that represent or work with municipalities, provincial or federal governments are eligible to apply, provided they are applying on their own behalf. Ineligible applicants include individuals, for-profit organizations, or business entities. Municipalities, provincial or federal governments (i.e. federal departments, Crown corporations and/or agencies) may not apply on their own.
